An ArtSmart Study Unit is a multi-week exploration of a Focus Work of Art – team-taught by teachers and TA – that maximizes the educational benefit of the performance to students. Here is a teacher comment about a 2010-1011 Study Unit on *Before the People Came*:

“Our TA was fantastic! She used perfect props for demonstration and to enhance understanding and generate student expression and participation. She got them to think and feel themselves “into” the animal characters and their terrible drought problem--they cared about finding a solution. They got to move, think creatively, listen, talk, see, and visualize to help them learn, understand, and prepare for their upcoming experience.”

My signature confirms that I have read and understand the following:

- I will partner my Teaching Artist to prepare my students for this performance.
- I will attend an Arts Integration Institute or Refresher and the Study Unit team planning session.
- TA must be accompanied by an ArtSmart teacher at all times.
