# Velveteen

## About the Show

Inspired by *The Velveteen Rabbit* by Margery Williams, the magical new musical *Velveteen* introduces us to Lulu, her gran, her beloved toys, and a nest of legendary rabbits. Lulu confronts big change, having just moved in with her Gran. To make things a little more comfortable, Gran gives her a velveteen rabbit – just like the one her mom had. Velveteen and Lulu form a special bond, making some of the other toys jealous and leaving Velveteen wishing he could live outside with the “real” rabbits he meets through the window. Ultimately, Velveteen finds a sense of belonging as Lulu adjusts to life with Gran. Velveteen—at times thoughtful, playful at others –is an uplifting story about the importance of being your authentic self.
